

Two Recent Ouse Nets

The Ouse still on good form for pleasure anglers with some great nets of roach. Best methods pole and whip feeding hemp and caster with either plus tares on the hook. Lots of fish and bites up in the water which suggests float the best.

This might account for the low weights in the feeder match. Unlike years ago the fish do not appear to like too much of a ground bait barrage on the Ouse, with more anglers on the bank than usual to all can influence the activities of the quarry.

Hopefully the forthcoming matches will be better. It's hard for the organisers after putting in so much effort when results are not so good, with 2.85K the best weight on the Ouse.

Better fishing on the Middle Level with

Winner Josh Newman

Dan Abbots 2nd

Josh Newman winning with 4.9K bream and skimmers, Dan Abbots second with 3.5K of skimmers, although still a struggle for some.

Saturday September 13: Angling Trust Feeder National Championships Great Ouse and Middle Level.

This event is an official qualifier for the World Feeder Championship for teams of 5.

Featuring 25 teams of 5 from all over the country. All the best for any local anglers and teams.

Headquarters is the Heron at Stow Bridge
Fishing is from 11am to 4pm with a 10 minutes prebaiting.

Forthcoming Open Match.

September 21: Pre. National Open Match Great Ouse and Middle Level
Details and to book in from Ray on 07843860737.

There will be no charity night fishing on Shepherds Port this season, as there is already lots of pressure on the lakes and that combined with the low water level this seemed the best course of action.

Shepherds Lake not so good this week, if only because one of my informants has suffered a few blanks, guess even the carp can't be hungry all the time. A few bream and some very nice roach and rudd for those on the feeder.

Bear Lake always performing well. This and the 2 other not too deep waters at Snettisham may be the reason why junior KLAA permits have really gone well this season. Possibly helped by the better weather, which encourages people to get outside.

Banks reserved for Saturdays National Feeder Championship on Saturday September 13

Gt Ouse Ten Mile Bank Wissey Mouth to Railway Bridge
Modney Bridge up and down.

Middle Level Peters to Magdalen High Road
Mortons Bridge to Crooked Chimney.
